CREATIVITY SQUARED

What would you do if you had a square metre of floor space and all the space above it to use as you please?

- a mini installation?
- lots of paintings one above the other?
- sculpture?

Enter individually or with a friend or two and *give it a go!* Think outside the square to fill your square. We are anticipating an *explosion of creativity*.

Framed works may be entered at the same price for a metre of wall as for a cube.

Contact us via the WSA office or wsa@wsa.org.nz as entries will be limited by space.

Venue: 632 Victoria St (small shop next to Bonham's Antiques)

Entries: in by 13th August 3PM and \$15 per entry

Opening: 3rd September 5:30pm

Exhibition Run: 4th to 12th September

The aim of the exhibition is to challenge members and recent Art School participants (September 2009 to August 2010) to creatively use a square metre of space as they see fit to express their ideas.

This could be anything from simply hanging pictures on a

wall to fill the square metre boundary, to filling the entire volume of space from floor to ceiling within the confines of their square of floor space! The possibilities are endless. Given the diverse nature of the anticipated exhibits/installations, the onus for setting up each piece will fall to the exhibitor. Exhibition Committee members will be available during the setup phase (probably extending over a 2 day period) and will certainly be happy to help where possible. There will be a limit to the number of entries that we can fit in and entry will be on a first-in basis.

Please note that it will be possible to attach your art to the ceiling if it is not too heavy (< 500g). Special clips will be available but please let us know if you need them when you enter.

IMPORTANT: We will need volunteers to man Creativity Squared between the 4th and 12th September between the hours of 10am and 1pm and also between 1pm and 4pm. If you can help even for one of these sessions WSA will be very grateful. Let Eriko know on 07 839 4481.

WORKSHOP FOR WAIPRINT 2010: INTRODUCTION TO SOLARPLATE

The guest artist for this year's Waiprint exhibition is Auckland artist Susan Hurrell-Fieldes. She will take a two-day 'Solarplate' workshop that explores printmaking using special light-sensitive plate and an exposure unit (in case it's not sunny that weekend!). Solarplate suits a wide range of techniques and can incorporate drawn lines and photography. The workshop will accommodate both experienced printmakers and complete beginners.

Susan says, "We will explore both relief and intaglio, using transparencies, grained glass and working directly onto the plate. Each student will have three small solarplates for this section of the workshop, which I anticipate will take at least all of the first day. On the second we will continue this work if necessary and then develop one or more of the methods into a 'finished' work."

Space is limited, so please register your interest by phoning Anne on 839 4481 or email her at artschool@wsa.org.nz

The Waiprint 2010 exhibition opens on Thursday, 2 December, and the Solarplate workshop is the first weekend, 4 & 5 December.

Printmakers get ready! Your entries will be due mid November (look for exact date in next month's newsletter).

BEST WISHES

Two of our stalwart members, Martha Simms and Ruth Davey, have husbands who have not been well. WSA members are thinking of them and wish them all the best.

WSA PREMISES COMMITTEE

The committee is looking for an interested member to contribute to the above committee. If you have had some experience in real estate investment and are interested in the project (or know someone who would willingly fit the bill) please give our President, Martha a call on 8566981

SKETCH CRAWL – 28TH AUGUST

These have been popular with members from all walks of art and with extensive or no experience. We will be continuing with these. It is not a workshop – but members, of course, are free to share information and advice. And it is free. Dudley Cleland will be convening this August sketch crawl.

Martha at a Sketch Crawl by Ruth Davey

Meet at the **Hamilton Lake Kiosk at 1pm Saturday 28th August**. If anyone needs to catch up with us we will start sketching nearby at the lake first. Bring sketching materials, portable seat, winter clothing if necessary. We'll try to find some sheltered spots (probably the kiosk) in case it is a bit bleak. If it is very bleak the choice as to attending will be yours.

PRESIDENTS COLUMN

Now is the time for members to be very busy and act promptly to fill out forms and fill in your calendars for dates and deadlines. Have a look through your newsletter for these dates.

First, it is time to send in your forms for the Creativity Squared exhibition. We have a great space for the exhibition and an enthusiastic committee. We need to plan the layout well before opening day. So get your entries in early.

Second, it is time to think about the coming year for the WSA. At present, we have an excellent executive committee but there will always be some changes as people leave for various reasons.

If you have enjoyed some of the services and activities of the WSA, have you thought about volunteering to support the organization either on the executive or on another committee?

If at any time you have thought or said that WSA should improve how it does things or should be doing something different, putting your name forward for a committee or presidency would place you in the position to work for change.

If you are shy or feel inexperienced, you can come on the committee with a friend.

Finally, I can no longer be president due to family health problems. I can truthfully say it has been a rewarding two years. You meet and work with the most wonderful people. Though sometimes it gets hectic, there is a great deal of satisfaction in making things happen.

WSA needs an energetic and inspiring president to move WSA into the next phase.

FROM THE WSA ART SCHOOL

Over the holidays we ran our usual Art in the Holidays programme for children. The activities we supply are fun and interesting; Many parents fancied they would like to stay with us. We had a lively group of children.

Two tutors are leaving. We say goodbye and thank you to Karen Prall who is off to try her hand at a nursing career and Patricia Wall who is going back to Ireland. We welcome Dougal Fraser who is taking over Art for the Absolute Beginner and Ruth Marra who is taking over the evening Art for the Absolute Beginner. More on Ruth next newsletter.

It will be good having everyone back for the winter term, watching the steady progress of the students and artists as they pursue their particular interests.

We would like to compile a social history of the WSA. Therefore we would like you to write about what you have experienced and achieved with us over the years.

Anne Kalnins

In early July, Anne took a part in the Community radio programme (8am, "Left, Right and Centre"). She spoke about WSA art school and WSA. Anne did very well and promoted us well despite the short notice. Eriko Hulse

LESSONS FROM A SKETCH CRAWL

Eight of us from WSA met at the University of Waikato on 10th July and proceeded to about five spots where a variety of subjects took our individual fancies. The weather was perfect and sunhats and sunglasses were the order of the day. Some were disappointed that the weather was not cold enough to break out the rum or whisky. At the end of the day there was a sharing of what we'd done.

What I enjoyed most about the exercise was meeting, and observing the activities of, the others. It wasn't just a matter of sitting and sketching the local scene (which I tried to do) but seeing what else could be gathered from the location. For instance ...

Someone decided there was an interesting shadow on a wall and sketched that. There was also some striking texture on a Molly Macalister sculpture. That inspired a rubbing. Ducks with their bums up in the air inspired someone else. Another artist decided that coloured sticks combined with black ink would make good sketching materials – and very effective it was too. Some supplemented their sketches with photographs – more in the offing here perhaps? No one seemed intimidated by the other talents about them.

All of the above raises the question of the future of these sketch crawls. They will continue, but in what form? I often hear members expressing nostalgia for the early painting field days. I suspect that the longer trips into the

country may be a bit beyond many of us with the cost of fuel these days. But they could become part of the sketch crawls or alternate with them and be done locally. What do members think? In the meantime the sketch crawls will continue – there are lots of locations and most people seem comfortable with the idea of moving about capturing impressions in the form of sketches – but we can think laterally about the nature of our sketching. There are no rules!
